Dear Parents,

It is with profound sadness that we announce that we have to close our Brookline Academy Preschool and Kindergarten Enrichment programs after 30 years of service. The search for a building, both commercial and private, did not offer a viable solution for either of our programs. Rest assured that we considered all options before making this very difficult decision. Thankfully, the community has acknowledged the need for childcare and has offered many different solutions for both the preschool and enrichment programs.

Family Support Services has taken great pride in providing such quality programs operated by long-tenured staff. We very much appreciate all of the positive support from present and past Kclub parents and students. We have loved hearing the impact that our programs have had on your child(ren), their education and your families.

We will miss being a part of the Havertown community, however we look forward to continuing our before and after care services at the individual schools. We hope that your family finds another place for your child(ren) to grow and learn. Thank you for being a part of Family Support Services.

Sincerely,

Family Support Services Staff
